NATIONWIDE PHARMACEUTICAL – Ranked in the Inc. 5000 – America’s Fastest-Growing Private Companies

2,718% Revenue Growth within 3 Years

San Antonio, Texas, August 14, 2019 – Nationwide Pharmaceutical, a licensed prescription drug manufacturer was recognized by Inc. magazine as the second fastest-growing private company in San Antonio, Texas and Number 141 nationwide on the annual Inc. 5000 list. The 2019 Inc. 5000 is ranked according to percentage revenue growth when comparing 2015 and 2018 and is the most prestigious ranking of the nation’s fastest-growing private companies. Many other well-known names gained their first national exposure as honorees on the Inc. 5000 including Microsoft, Dell, Domino’s Pizza, Pandora, Timberland, LinkedIn, Yelp, and Zillow. Nationwide Pharmaceutical is honored to be in the company of these successful American companies.

Nationwide Pharmaceutical was established only 5 years ago with no external funding, a low rent office with garage sale furniture, and no staff. “We are so grateful and humbled to announce that Nationwide Pharmaceutical was selected for the Inc. 5000 List for 2019,” says Joseph B. Lawrence, CEO. “By God’s grace, it has been an amazing and storied adventure. Our staff is the most dedicated and talented I have ever known, and they go out of their way each and every day for our clients and customers and exemplify our mission. I am so proud of our team and couldn’t be more honored by their stellar accomplishments.”

Ranking 14th as the fastest-growing private company in Texas is a momentous achievement and NWP is still at the beginning of their journey. Their vast network of business partners provides them with substantial pharmacy solutions across the U.S. and their dedication to mission and quality has helped intensify growth with both private and government customers.

“The companies on this year’s Inc. 5000 have followed so many different paths to success,” says Inc. editor in chief James Ledbetter. “There’s no single course you can follow or investment you can take that will guarantee this kind of spectacular growth. But what they have in common is persistence and seizing opportunities.”
