

June 9, 2022

Dear Valued Customer:

It has recently been brought to the attention of Nationwide Pharmaceuticals LLC (“Nationwide”) that lots M0630 and M0631 of Ferrous Sulfate Enteric-Coated 324mg Tablets NDC 69375-0003-10, were incorrectly deemed to be recalled by Nationwide. Nationwide has not issued a recall for these lots and is currently investigating the circumstances surrounding this information. Nationwide would welcome information about the lot number, quantity involved and any observed issue with the product for any customer that has a specific concern. Additionally, Nationwide will investigate any return samples of the product in question.

In the event you have a concern about the product, as a gesture of good faith, Nationwide offers the following options for your consideration:

1. Return any product to the wholesaler from which it was purchased for credit; or
2. Return any product to the wholesaler from which it was purchased and request replacement. Please note replacement product is anticipated to arrive by June 30, 2022.

Nationwide is committed to working with all customers and partners to resolve any questions related to this product, please direct any questions or concerns to [productcomplaints@nwp-mail.com](mailto:productcomplaints@nwp-mail.com) or 1-800-697-3329.
